IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
Bacteria Monitoring & Reporting Requirements Not Met

The Moosilauke Ravine Lodge water system recently violated drinking water monitoring requirements. Although this is not an emergency, as our customers, you have a right to know what happened and what we are doing to correct the situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the month(s) and year of August 2014 we did not monitor or complete all monitoring or testing for bacteria and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the month we were supposed to test for bacteria, how many samples we were supposed to take, how many samples were actually taken, and the date on which make up samples were (or will be) taken.

<table>
<thead>
<tr>
<th>Contaminant</th>
<th>Check one or both</th>
<th>Number of samples we were required to collect</th>
<th>Number of samples we collected on time</th>
<th>When all samples were (or will be) collected</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Coliform Rule sample(s)</td>
<td>X</td>
<td>1</td>
<td>None – sample was not submitted on time</td>
<td>Rejected sample collected July 31st, make up sample collected October 2nd</td>
</tr>
<tr>
<td>Groundwater Rule source water sample(s)</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Steps We Are Taking: We are working to resolve this problem as soon as possible. We have submitted a make up sample and are awaiting results. In order to prevent future monitoring violations, we will ensure sample submission complies with sample scheduling.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
