

VOL. 1 ISSUE 1 · OCT 2020

DIVERSITY, INCLUSION, JUSTICE, & EQUITY DIVISION OF THE DOC

Termly Newsletter

DIJE Purpose Statement

Our purpose is to address the structural and cultural barriers to inclusion afflicting the DOC in an effort to make the Outing Club welcoming and accessible to all. We will pursue this goal by providing resources and training to educate our community and by making policy changes that draw heavily on student feedback in order to reform the DOC's culture and elevate marginalized voices.

Student Feature

In our efforts to improve the DOC, we've turned to the community for input. This week we had the opportunity to chat with Olivia Goodwin '21. When they're not busy with coursework or competing as a pole-vaulter for the Dartmouth track and field team, Olivia participates in the Mountain Biking Subclub. Olivia also acted as a Trip Leader for the class of '22 and an Orientation Peer Leader for the class of '24.

Olivia reflected on these experiences by noting the value they found in applying training regarding intersectionality and diversity to lead productive discussions in the Trips setting. Olivia also mentioned using their personal identity as a means to provide others with a sense of familiarity and recognition in an otherwise foreign social environment. Lastly, Olivia raised the issue of physical limitations or a lack of experience as possible barriers to inclusion in the DOC.

If you're interested in sharing your thoughts with DIJE about how you think we can increase the diversity and accessibility of the DOC, feel free to reach out to Kamren.J.Khan.23@Dartmouth.edu.
